MOBILE ELECTRONICS PRO-SERIES

High Power USB Socket Charger

MOBILE ELECTRONIC USB SOCKET POWER ADAPTER

MODEL NO: UGC-257-BL

STANDARD USB PORT

Low-profile charger sits flush in your dash and charges your device at the fastest possible speed.

The sleek design ensures that the charger fits neatly and safely in your dash. Works well for anyone that needs to charge their handheld device or GPS in the car. With over 3 billion devices shipped in 2008 alone, USB is perhaps the most successful interface in modern history. However, most cars do not have a USB port...until now.

FEATURES

- Fast charging
- Small and compact
- Red power indicator light
- Fits into any 12v power port
- Uses the USB cable sold with your device
- High current output 2.1A
- Charges most USB-powered devices including iPad, iPhone/ iPod and GPS
- No need to buy around multiple model specific 12v car chargers

WORKS GREAT WITH

- GPS units
- iPhones®
- iPods®
- Satellite Radios
- MP3 Players
- Mobile Phones
- PDAs
