

OPTIMA PRODUCTS

RedTop

Gentlemen, Start Your Engines.

The OPTIMA® RedTop® high-performance AGM battery is the ultimate high-CCA starting battery designed to deliver the strongest 5-second ignition power for a reliable start-up every time. The RedTop will outperform and outlast traditional batteries in demanding cranking/starting applications. With unparalleled high power delivery and extreme resistance to the most common causes of battery failure, the RedTop is ideal for trucks, SUV's, luxury cars, hot rods, off-road vehicles and other applications that require a leak-proof starting-only battery.

- Strongest 5 second starting burst
- Up to 2x longer life
- More than 15x the vibration resistance
- Completely spill-proof, mountable in many positions
- Maintenance free
- Faster recharging capabilities
- Optimal starting power, regardless of temperature

YellowTop

Demand More from Your Vehicle?

The YellowTop® high-performance AGM battery is one of the only true dual-purpose automotive batteries available. With premium cranking power and unparalleled cycling capability (rechargeability), it is perfect for modern accessory-loaded vehicles. The YellowTop can repeatedly bounce back from deep power drains to full energy capacity, so it can power plenty of electronics and still start you up time after time. Lower internal resistance also provides more consistent power output and faster recharges.

Trucks with winches, vehicles with multiple electronics, cars with high-demand audio systems, commercial vehicles and heavy equipment all rely on this battery to provide ultimate starting and deep cycle power.

- Deep cycling and cranking power
- Up to 2x longer life
- More than 15x the vibration resistance
- Completely spill-proof, mountable in many positions
- Maintenance free
- Faster recharging capabilities
- Optimal starting power, regardless of temperature
