# REF AUDIO CABLES

DOWN THE JUNGLE

# RCA AUDIO CABLES

Raptor Neon Blue series double-shielded audio interconnect cables feature low-noise braid and foil shields for maximum traditional noise rejection. Extended range and frequency response are maintained with pure oxygen-free copper strands and 24K hard gold-plated split tips and rings. A convenient turn-on wire is molded in. The highly flexible and durable blue tinted outer jackets are complemented by molded strain reliefs and color-coded channel identification, adding the right touch to any installation.

## 2-CHANNEL

NEON BLUE SERIES DOUBLE-SHIELDED  
AUDIO CABLE WITH TURN-ON WIRE

<b>NBRCA-3</b>	RCA CABLE 3'
<b>NBRCA-6</b>	RCA CABLE 6'
<b>NBRCA-10</b>	RCA CABLE 10'
<b>NBRCA-15</b>	RCA CABLE 15'
<b>NBRCA-20</b>	RCA CABLE 20'
<b>NBRCA-25</b>	RCA CABLE 25'
<b>NBRCA-Y1</b>	RCA (1 FEMALE TO 2 MALE) "Y" ADAPTOR 6"
<b>NBRCA-Y2</b>	RCA (1 MALE TO 2 FEMALE) "Y" ADAPTOR 6"

Easy color-coded channel identification

Durable molded strain reliefs

Pure oxygen-free copper conductors

Highly flexible and durable jackets

Turn-on wire

24K hard gold-plated split tips and rings

Smaller RCA end for easy installation

Double-shielded low noise design

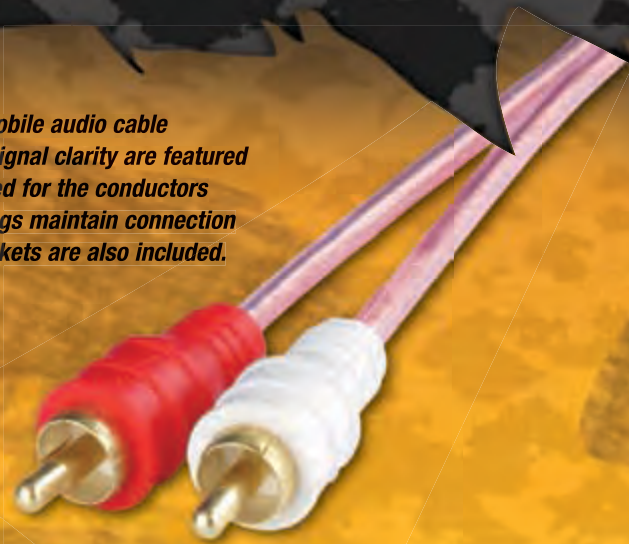

# RCA AUDIO CABLES

Raptor Installation Series provides a high-performance value in mobile audio cable interconnects. Excellent dynamic range, frequency response and signal clarity are featured in this quality cable. Only pure oxygen-free copper strands are used for the conductors and noise-rejecting spiral shield. 24K gold-plated split tips and rings maintain connection integrity. Color-coded channel identification and durable tinted jackets are also included.

## ENGINEERED TO PROVIDE ALL THE POWER NEEDED FOR TODAY'S CAR AUDIO SYSTEMS

Shuriken Power Cells are engineered to provide all the power needed for today's mobile audio systems. By using Absorbed Glass Mat (AGM) technology, these rechargeable power cells can be mounted in any position needed and won't spill. They are extremely resistant to excessive heat and strong vibration. And with super low ESR and closely packed pure lead plates, each power cell will pack a punch.

**BOOST THE POWER TO YOUR SYSTEM. COOL COLORS.  
EVERYTHING YOU NEED IN ONE CONVENIENT PACKAGE.**

## **4000 WATT INSTALLATION**

### **PKBL5**

- 17' clear blue power cable with 3/8" ring terminal
- 3' clear silver ground cable with #10 ring terminal
- 8' clear blue power cable
- 6' clear silver ground cable
- 17' remote turn-on wire
- (1) ANL fuse holder + 200AMP fuse
- (1) ANL fuse power distribution block + (2) 100 AMP fuse
- (1) battery terminal
- (1) ground distribution block
- All necessary hardware for installation

## **2000 WATT INSTALLATION**

### **PKBL4**

- 17' clear blue power cable
- 3' clear silver ground cable
- 10' clear blue power cable
- 3' clear silver ground cable
- 17' twisted blue RCA cable
- 16' blue remote turn-on wire
- 6' split loom tubing
- (1) ANL fuse holder + 100 AMP fuse
- (1) AGU fuse power distribution block + (2) 40 AMP fuse
- (1) battery terminal
- (1) ground distribution block
- Speaker wire
- All necessary hardware for installation

# AMPLIFIER KITS

## 1500 WATT INSTALLATION KIT

### PKBL3-CAP

- 20' clear blue power cable
- 6' clear silver ground cable
- 17' RCA cable
- 17' blue remote turn-on wire
- 8' clear silver speaker cable
- 6' split loom tubing
- 1F capacitor with digital voltage meter
- (1) AGU fuse holder + 60 AMP fuse
- (5) 4 gauge ring terminals
- (1) 4 gauge ground terminals
- (2) 4 gauge spade terminals
- (2) 4 gauge grommets
- (10) 6" cable ties
- (4) .25" female quick disconnect terminals

## 1500 WATT INSTALLATION KIT

### PKBL3

- 17' clear blue power cable
- 3' clear silver ground cable
- 17' twisted blue RCA cable
- 17' blue remote turn-on wire
- 30' clear silver speaker cable
- 6' split loom tubing
- (1) AGU fuse holder + 60 AMP fuse
- All necessary hardware for installation

## 1500 WATT INSTALLATION KIT

### PKRD3

- 17' red braided power cable
- 3' black braided ground cable
- 17' RCA cable
- 25' speaker wire
- 17' blue remote turn-on wire
- 6' split loom tubing
- (1) AGU fuse holder + 60 AMP fuse
- All necessary hardware for installation

# AMPLIFIER KITS

## 1000 WATT INSTALLATION KIT

### PKBL2

- 17' clear blue power cable
- 3' clear silver ground cable
- 17' blue turn-on wire
- 16' speaker wire
- 17' twisted blue RCA cable
- 1 AGU fuse holder + 40 AMP fuse
- All necessary hardware for installation

## 800 WATT INSTALLATION KIT

### PKBL1

- 17' clear blue power cable
- 3' clear silver ground cable
- 17' twisted blue RCA cable
- 25' clear blue speaker wire
- 17' clear blue remote turn-on wire
- (1) ATC fuse holder + 30 AMP ATC fuse
- All necessary hardware for installation
